About the Meath Epilepsy Charity

The Meath Epilepsy Charity recognises ability which means that the people that we support are enabled to live as independently as possible, challenge themselves and to fulfil their potential. This positive 'can do' culture is shared by the people we support, staff and volunteers alike across our broad range of services and facilities.

Our very special community is located in a stunning setting and boasts fantastic facilities in central Godalming. The Meath's beautiful Grade II listed manor house, together with other higher-needs modern annex houses and the Skills Centre are all set in landscaped grounds.

Our location is both peaceful yet close to local amenities and the main line train station. We are proud to be at the heart of our local community and to enjoy strong links with the town.

Overview

We have an exciting opportunity to recruit a part-time Clinical Practice Educator. We are seeking a registered professional who will consider the training needs of the staff that work within The Meath Epilepsy Charity, providing training, assessments and assurance around designated healthcare tasks

Key Responsibilities Include:

- Support 'On service' training to ensure all that require the designated healthcare tasks are trained to the required level.
- Consider how staff can be upskilled to recognise and respond to changes in health, e.g. Tissue Viability and appropriate escalation pathways.
- You will be confident in producing and delivering training.
- You will be confident in signing off competencies, with consideration for professional registration
- To following up/providing support to staff after being signed off on competency.
- You will be able to provide detail and depth to the role where you would have worked in roles that require the skills needed to provide clinical and structural input.
- To provide more assurance in accountability, skill and knowledge attached to registration.

Essential Qualities:

- Basic understanding of
 - Epilepsy/administration of rescue medication
 - Undertaking Physical Observations/ Vital signs
 - Diabetes management

- PEG care
- Stoma care
- Catheter care
- ACE care
- Suppository administration
- Clear understanding of Code of Practice and how this links with designated healthcare tasks

Essential:

- Experience of working with people with epilepsy or learning disabilities
- Ability to put individuals at the centre of care delivery.
- Excellent interpersonal skills.
- Organisational skills to ensure the right people are trained to the right DHT
- Strong IT skills to track completion of designated healthcare tasks
- Flexibility to work with different services
- Innovative thinking to refine and adapt process to meet the needs of services.
- Demonstrate high levels of resilience.
- Commitment and tenacity to get things done and make a difference.

Inclusivity & Diversity

We recognise that all our colleagues are uniquely different and bring their own originality creativity, and identity to work. We encourage people from all backgrounds to be part of our charity in supporting our inspirational residents.

Our values are embedded into our culture here at The Meath, designed by our team, and how we live our every day:

We are **COLLABORATIVE** – We are trusting, We achieve more together, We communicate

We **CARE** – We are person-centred, We are respectful, We are skilled & knowledgeable

We are **PROUD** – We work as a team, We take pride in the people that we support, We take pride in our community

We are **INCLUSIVE** – Everyone is important, Everyone has a voice, Everyone is welcome

We **EMPOWER** – We are creative, We are positive, We support individual development & achievement
